URGENT INFORMATION

Uniform and Equipment Requirements – Amended information.

The Directoire Technique has asked the organisers to provide an urgent clarification to all nations concerning uniform requirements for wvfc07.

The DT has stated that:

After receiving recent and further advice from the FIE, the Directoire Technique wishes to advise that national uniforms (i.e., national emblems/logos on fencing pants and possibly arms) are **NOT** mandatory at World Veteran Championships.

Therefore, fencers will not be required to wear their national colours on their uniforms at the 2007 World Veteran Championships in Sydney.

However, the Directoire Technique and the Organising Committee would **strongly encourage** all fencers to wear their official FIE national emblems/logos on both legs of their fencing pants in order to readily display their nationality to spectators & the media, and to better promote their country and the sport.

You are reminded that the requirement for the fencers Name and the Three-Letter Country Code on jackets/lames **IS** mandatory.

ITEM **RULE** **Clothing** **m.25**

*The **name** of the fencer must be displayed on the back of the jacket, with the abbreviation of the national federation below it, at the level of the shoulder blades. They must be printed directly onto the jacket or onto a cloth carefully sewn onto the jacket.*

There will be a service in Sydney where this can be printed at nominal cost by prior arrangement with the organisers.

Thank you & regards

Helen Smith
President of the DT
Présidente du Directoire technique
