

Selection Policy

Australian Fencing Federation Limited ACN 161 544 752 (**AFF**)

1. Purpose of this Policy

The Australian Fencing Federation Limited (**AFF**) is the National Sporting Organisation (**NSO**) for the Olympic sport of fencing.

The AFF's vision is to have fencing recognised as an exciting, accessible and challenging sport providing opportunities for participation at all levels – recreational, competitive and elite.

The mission of the AFF is to administer and promote the sport of fencing in Australia through national plans and programs, services and opportunities that enable athletes to reach their maximum potential.

The AFF has established this Selection Policy (**Policy**) to apply to the selection of athletes to International Events and the High Performance Program.

2. Application

2.1 The Policy applies to selection for:

- (a) admission to the National Squad;
- (b) representation at International Events, including but not limited to World Championships, Asian Championships and International Championships;
- (c) HPC Designated Events; and
- (d) any other fencing event that the AFF determines requires selection under this Policy.

2.2 In this document, the expression “event” is used to refer to a series of fencing competitions organised in conjunction with each other in the same location, while the expression “competition” is used to refer to each separate individual and/or team competition within the overall event.

2.3 The following matters are outside the scope of this Policy:

- (a) the qualification, nomination and selection criteria for the Olympic Games individual and team competitions; and
- (b) for any team selected under this Policy, the order of the individual athletes in that team event. The AFF will assign a person (such as a coach, manager or team captain) to determine the athletes that will fence in each team match, the order in which they fence, and their substitution within any particular match on the day of the competition at that person's sole and absolute discretion.

2.4 This Policy was adopted by resolution of the AFF Board on 14 March 2021, and further amended on September 20, 2021, and May 21, 2022. This amended policy will be effective from July 15, 2022 and will operate until amended, repealed or replaced in accordance with the provisions of the Constitution.

2.5 This Policy supersedes and replaces all previous versions of the Selection Policy from the effective date of 15 July 2022.

2.6 This Policy will not alter any selection already made prior to the effective date of this Policy.

3. Athletes

- 3.1 Athletes wishing to be considered for selection must:
- (a) be an Australian citizen who is eligible to represent Australia;
 - (b) meet all nomination eligibility criteria, including any age and licencing requirements, for the relevant event (where applicable);
 - (c) be a registered member of, and in good standing with, a Member State;
 - (d) be in good standing with the AFF; and
 - (e) comply with any requirements laid down by the AFF for the relevant event (including compliance with this Policy).
- 3.2 If an athlete has represented another fencing nation other than Australia at an FIE Event in the previous 36 months, they will not be eligible for selection under this Policy. Under exceptional circumstances the AFF may grant an exemption to this.
- 3.3 If the controlling body of a particular event imposes conditions or pre-requisites for entry beyond the control of the AFF, those conditions or pre-requisites will be implemented. While the AFF will make reasonable efforts to notify athletes of such conditions or pre-requisites, this may not always be practicable.
- 3.4 Any athlete who accepts an offer of selection or nominates for a particular event must make themselves available for that event. Where the AFF has designated that both individual and team events are compulsory in order to nominate for an event, athletes must make themselves available for both individual and team events in order to be eligible to nominate for that event.
- 3.5 Where an Athlete is in breach of this Policy, the AFF may do any one or more of the following:
- (a) withdraw the athlete from any event;
 - (b) suspend the athlete from participation in any AFF event or activity;
 - (c) suspend the athlete from the High Performance Program, including participation in any High Performance Designated Event or activity;
 - (d) impose a fine; and/or
 - (e) anything the AFF otherwise reasonably considers appropriate or necessary.
- 3.6 Without limiting the above:
- (a) if the AFF has reason to believe that an athlete is injured or ill, then the AFF may require the athlete to undergo an examination by an AFF-Approved Health Practitioner to confirm whether the athlete is fit to compete in an event. Until such time as a clearance is provided to the AFF, in a form acceptable to the AFF, then the AFF may:
 - (1) withdraw the athlete from any event;
 - (2) suspend the athlete from participation in any AFF event or activity; and/or
 - (3) suspend the athlete from the High Performance Program including participation in any High Performance Program event or activity; and

- (b) any fines, penalties, fees or charges imposed by the controlling body of a particular event or event organisers due to the actions of any athlete or group of athletes will be payable by that athlete or group of athletes in a manner that will be determined by the AFF in its absolute discretion.

- 11.2 Where a reserve has been identified and a selected fencer subsequently withdraws from the event, the AFF may, at its discretion, invite the reserve to take the place of the withdrawing fencer, in which case no further selection will be required under this Policy.
- 11.3 Subject to 11.5, where no reserve has been identified and a selected fencer withdraws from an event, the AFF may identify an athlete who has been selected to compete at the same event to replace the withdrawing athlete in the team. The replacement athlete will be the fencer who was next in line for team selection in accordance with the relevant selection criteria at the time the original selection was made.
- 11.4 Subject to 11.5, if a vacancy on a team still exists after applying 11.3, the AFF may identify an athlete who has been selected to compete at the same event in a different event category to replace the withdrawing athlete in the team.
